DE FERRANTi®

Linea Quadratae Border

Text to Follow

This unique patterned border is inspired by archaelogical digs where the mosaics have just about stood the test of time. It is fashioned from Tufo Romanico, Yellow Terracotta and a combo of juxtaposed mosaic tesserae, over a cement base ensuring that the border is not only stable and sound, but also easy to install. Totally handcut, hand assembled, a truly handmade product. No border is the same as the artists hand is vital in creating natural nuances within each interlocking piece.

Thicknesses can be 1cm or 2cm or to order as can the border widths and material combinations.

All the De Ferranti borders are fully customisable.
