

Biblical Stone Mosaic Composition II

Salvaged from ancient buildings, De Ferranti's wonderful Biblical Stone can be aged anything from three hundred to a thousand years old. The soft, antique colours are in the yellow ochre spectrum and the surface is deeply etched with the patina of time.

Our Authentic reclaimed Biblical stone mosaics are supplied on easy to use net mesh-backed sheets for a seamless 'in-situ' installation.

This unique offering is ideal for floors, walls, showers, pools and commercial projects such as hotel lobbies, religious buildings and specialty retail. The stone is frost proof and is suitable for both indoor and outdoor use

Of note, the thickness of this material is not calibrated, so expect plenty of variation.

Biblical Stone is also available as large flagstones, in random sized pieces, or cut to order to a maximum size of 30cm x 30cm.
