

## Abulón Shell

Often confused with the New Zealand Paua shell, our Abulón shell is a very elegant surface alternative.

Completely handmade, this finely cut and shaped iridescent shell is carefully set on mesh for ease of installation. Each shell tessera is 10mm square.

Commissions have included walls, vanity unit doors and tabletops. Its uses are endless. Where the budget is restricted we recommend that our clients use shell for borders, dados (chair rails) or as accent tiles.

Part of De Ferranti's Shell inlay and veneer Collection

**Product Specifications:**

Length: 30 cm
