

Natural Brogue Leather Briquettes

Inspired by time worn english brogue leather shoes and old saddle leather.

These sumptuous briquettes are veneered over a Marine Ply substrate for ease of installation. After embossing with the brogue design, they are then painstakingly coloured, patinated and distressed prior to receiving a coat of sealer and wax.

De Ferranti also offer a fully customised embossing, colouring and special commission service. Other standard designs include Paviers (squares) and Parquet de Versailles.
