Pollen - Orange/Blue

A design that started life on a velvet devore scarf that Neisha designed.

The arrangement of jagged edges triangles, angular motifs and spokes and dots have always interested Neisha and it is a theme she still plays with. The cluster of dots reminded her of a cluster of pollen thus the name of this design.

"I always think that putting shapes into repeat is a bit like arranging notes in music only it produces a visual rhythm and tune rather than audible one. I hope this collection demonstrates this." Neisha Crosland
